NRCC (2 Teams)	Available				
HLT (1 Team)	Activated				
RWC / MOCs (10 Regions)	Steady State				
RRCCs (10 Regions)	Available				

Backup Regions: **VII, V, and VIII**

FCO Common Operating Picture Briefing

County Designations

Incident Overview

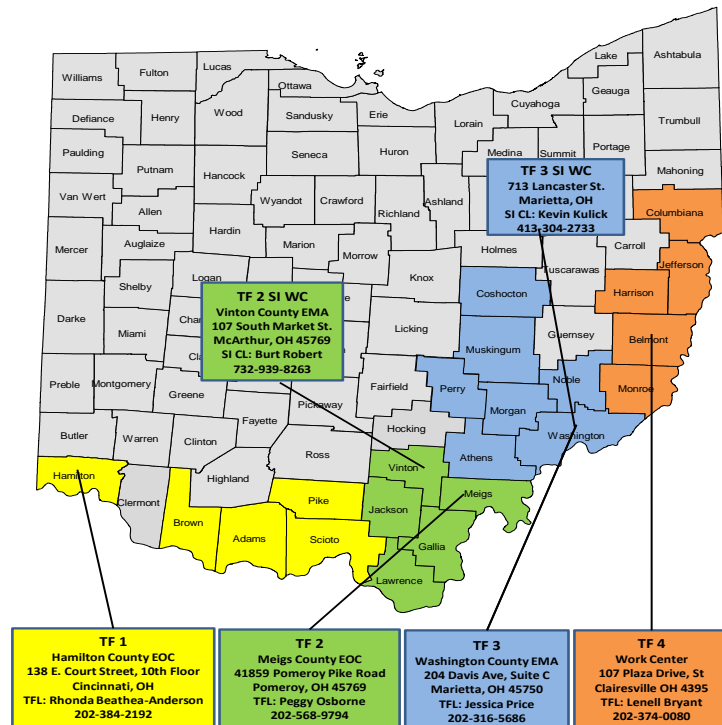

During the period of February 14 -25, 2018 Ohio received consistent heavy rainfall resulting from a series of storms across the Midwest. On February 24th severe storms brought heavy rain and high winds to southern and central Ohio. This resulted in flooding along the Ohio River watershed which affected numerous counties. Throughout the incident period Ohio experienced severe storms, Flooding, and Land Slides. This resulted in widespread heavy damage to public infrastructure.

On February 18, Governor John R. Kasich executed the State Emergency Plan and on February 24 declared a state of emergency for 18 counties in Ohio for both response to impacts and in preparation of additional forecasted impacts. On March 26, 2018 following Joint PDAs (3/12/18-3/16/18) Governor Kasich submitted a request for a Major Disaster Declaration for Public Assistance Categories A-G and hazard mitigation statewide.

On April 17, 2018 the President approved a Major Disaster Declaration for Ohio for Severe Storms, Flooding, and Landslides during the period of February 14-25, 2018. The declaration provides Public Assistance (PA) for 18 counties and Hazard Mitigation Grant Program (HMGP) statewide. Amendment #1, on May 25, 2018, added four counties to the declaration: Coshocton, Harrison, Jefferson, and Morgan.

State / FEMA Priorities

1. Deliver Public Assistance
2. Public Information

Areas for Improvement / Strengths

Areas for Improvement

- Initial staff shortage, due primarily to competing with larger disasters
- Initial Surge Capacity Force coordination & communication

Strengths/Successes

- Ohio software crossover to Grants Manager/Grants Portal
- Site Inspectors cross training to PDMG
- USACE site inspectors
- Inter operational with state and counties
- Performed initial training of state personnel side by side with PDMG and site inspectors
- Scheduled follow-on field and formal classroom training for field personnel
- PMC and RSOI concept implemented and still being utilized with phased approach
- Virtual JFO with all admin performed at Region V
- Sharing assets with Indiana
